

Biking through a medley of landscape will wear you out but leave you imploring for more.

Konkan Odyssey

Bike TOUR

The versatile terrain of konkan consists of muddy lanes passing through the countryside, broad and smooth highways of the city, routes on flat plains and the meandering mountain roads. Bicycling provides the perfect opportunity to explore the deep interiors of the region where other vehicles are inaccessible. In addition to the excitement of wandering across the countryside, bicycling is also the absolute way of sightseeing- mingling with the locals along the way, taking a halt where-ever you want it offers a treasure of adventure opportunities.

A medley of Beaches and Backwaters, Temples and Forts, Waterfalls and Memorials and lots more come explore
